TRIGA® GO MODULAR DISPLAY SYSTEM

The TRIGA® Go modular display system is a lightweight, portable display solution designed for easy setup and customization. It offers a sleek and professional presence for trade shows, events, and brand activations.

- Combine with other TRIGA® Go components to craft a highly adaptable and visually striking display (sold separately)
- One-piece wraparound graphic provides a polished look
- Available in single- and double-sided options
- Artwork is dye sublimated on recycled polyester knit
- Compact and lightweight
- Tool-free assembly
- Warranties range between two and three years (see website for details)
- Booth kits are not eligible for Rush Service

Graphic simply slides into grooves on the top and bottom rails.

Easily connect horizontal rails to vertical poles.

Join the top and bottom poles by turning the connector to the lock position.

Corner braces provide added stability to your display.

PRICES ARE SUBJECT TO CHANGE.
No setup fee on orders placed via our website. Visit our website for current pricing.

6', 10' and 20' walls can be angled 90° at any interior vertical pole, allowing you to create unique shapes with the same graphic across the display.

6' shown at a 90° angle

Single-sided graphic wraps partially around the frame for a seamless front view.

Double-sided graphic has a partial overlap on the backside.

PRICES ARE SUBJECT TO CHANGE.
